

MERCED COMMUNITY COLLEGE DISTRICT
WORKPLACE VIOLENCE PREVENTION PLAN

JULY 1, 2024

OBJECTIVES AND POLICY STATEMENT

Merced Community College District (“District”) is committed to providing an environment free of violence or threats of violence and to safeguarding all employees, and all other workers whom the District controls or directs and directly supervises on the job to the extent that workers are exposed to hazards specific to their worksite and job assignment.

The District prohibits and will not tolerate any form of workplace violence by any employee or third party, including customers, clients, vendors, visitors, students, or others, either at the workplace, in or on District property or at District sponsored events.

This Workplace Violence Prevention Plan (“WVPP” or “Plan”) is intended to supplement the general Injury and Illness Prevention Program (“IIPP”) required by 8 CCR § 3203. This Plan is in effect at all times in all work areas and is intended to be specific to the hazards and corrective measures for each work area and operation. This Plan is intended to comply with the requirements of Labor Code section 6401.9.

The WVPP shall be available to employees and authorized employee organization representatives at all times.

The District shall provide all safeguards required by law and regulation, including provision of personal protective equipment and training at no cost to the employee, at a reasonable time and place for the employee, and during the employee's paid time.

V. EMPLOYEE COMPLIANCE

The District is committed to ensuring that all safety and health policies and procedures involving workplace security, including this Plan, are communicated clearly and understood by all employees.

All employees are responsible for using safe work practices, following all directives, policies and procedures, and helping maintain a safe and secure work environment. Failure to follow this Plan, the District's IIPP or any other applicable District directives, policies or procedures is grounds for discipline, up to and including termination.

In addition to methods provided in other sections of this Plan, the District may utilize the following methods to ensure that all employees, including supervisors and managers, comply with work practices that are designed to make the workplace secure, and do not engage in threats or physical actions which create a security hazard for others in the workplace, including by the methods described below:

VI. REPORTING AND INVESTIGATING

The District recognizes that to maintain a safe, healthy, and secure workplace, it must have open, two-way communication between all employees, including managers and supervisors, on all workplace safety, health and security issues. District's communication procedures are designed to encourage a continuous flow of information between management and employees regarding any suggestions, concerns, and information relating to workplace violence.

Employees will not be subject to any discipline, retaliation or reprisal for reporting or communicating any workplace violence matter including a violent incident, threat, or workplace violence concern. Any employee who engages in retaliation or reprisal because another employee has reported a workplace violence matter will be subject to discipline.

A. Employee Reporting

The District requires all employees to immediately report workplace violence matters including all violent incidents, threats, or other workplace violence concerns to law enforcement ~~or Human Resources~~. Managers with oversight over the program, department, or area in which the incident occurred are required to complete the District's Violent Incident Report Form and submit that form electronically as it will route to the responsible parties, including Campus Police and Director, Purchasing and Risk Management. The Violent Incident Report Form and/or Police Incident Report includes details of the incident, including what happened, why it happened, what should be done to prevent it from happening again and what action has been taken to reduce or eliminate future incidents.

Employees may report workplace violence matters as follows:

In cases implicating Title IX, the District's Title IX Coordinator will respond. In addition to reviewing the Violent Incident Report Form, the Director, Purchasing and Risk Management is responsible for recording information relating to each occurrence of workplace violence on the Violent Incident Log (Attachment D).

A Violent Incident Report Form or Police Incident Report must be completed even when an incident of workplace violence results in an injury requiring the completion of other documents, such as a California Department of Industrial Relations Form 5020 (Employer's Report of Occupational Injury or Illness), the Cal/OSHA Form 301 Injury and Illness Incident Report, and/or California Department of Industrial Relations, Division of Workers' Compensation Form DWC-1 (Workers' Compensation Claim Form). All forms are processed and stored in accordance with the applicable laws and regulations relating to those forms. Even if no Violent Incident Report Form or Police Incident Report is completed, the information required by this Plan must still be recorded in the Violent Incident Log.

Emergency Situations

During any emergency situation, any District personnel observing the situation should:

1. Get to safety.
2. Call 911 when safe to do so.

Non-Emergency Situations

B. Investigating Workplace Violence Incidents and Reports

The District takes all workplace violence concerns seriously. The District will promptly investigate all incidents of workplace violence, threats of violence, and concerns of workplace violence regardless of how they are reported or how the District becomes aware of them. The scope and type of investigation will depend on the matter being investigated, and the District may utilize specific investigation procedures depending on the type of investigation that is warranted (e.g., Title IX investigation procedures might apply).

While all employees are required to cooperate in investigations, administrators, managers, and supervisors are responsible to assist those tasked with investigating incidents in their areas of responsibility. The primary goal of an investigation is the prevention of workplace violence.

The District will inform employees how reports and concerns will be investigated and how they will be notified of the results of the investigation and any corrective action.

The District's investigation may include the following:

10. Preparing a written report of findings and any action taken.

The requirements and procedures of this section are in addition to those described elsewhere in this Plan and other District policies regarding investigating policy violations, misconduct, or initiating disciplinary action. An investigation in accordance with other policies may serve as an investigation under this Plan.

In the event an employee is injured or seeks medical treatment because of a workplace violence incident, supervisors shall also comply with the appropriate procedures, including completing the required entries or forms, such as OSHA Log 300 or 300A, Cal/OSHA Form 301 Injury and Illness Incident Report, and/or California Department of Industrial Relations, Division of Workers' Compensation Form DWC-1 (Workers' Compensation Claim Form). C. Notice of Investigation Outcome

Upon the completion of an investigation, the District will inform the employee who made the report and as appropriate, other impacted employees, of the results of the investigation and any corrective actions taken to correct identified and evaluated workplace violence hazards.

The notification may include one or more of the following at the District's discretion:

1. Providing the employee a copy of any completed workplace violence investigation conducted pursuant to this Plan relevant to the employee's concern and the records of any corrective action taken. No personally identifying information of any other employee which is the subject of the investigation will be provided to employee(s) not involved in the incident.
2. The employee's supervisor or appropriate Vice President meeting with the employee to discuss the concerns, the investigation, and the corrective actions to be taken.
