# Helpful Context

Under labor code, faculty are exempt employees, not hourly.

Exempt employees are employees who, based on the duties performed and the manner of compensation, are exempt from the FLSA minimum wage and overtime provisions. Exempt employees are paid an annual salary and are expected to fulfill the duties of their positions regardless of the hours worked. They do not receive premium overtime, straight overtime or compensatory time for working more than 40 hours in a work week.

For exempt M CCD employees, Leaves are applied in half or full-days for absences

For full-time faculty, leave is based on the 175 day (Mon-Fri) academic calendar.

For adjunct faculty, leave is based on the actual assignment.

Being in paid status also maintains health coverage.
